LET OUR EXPERIENCE ENHANCE YOURS.

Millennium Technology Group has provided quality IT solutions for hospitality tradeshows and conventions since 1997. Our cutting-edge technology and exceptional service standards have allowed us to continue to exceed our clients' expectations. Our team of technology professionals will work closely with you and your IT staff to ensure we deliver to your expectations. Whether services are needed for one attendee or thousands, rest assured Millennium Technology Group will execute the technology services for your event with ease.

MEETINGS, CONVENTIONS & TRADESHOWS

- Special Exhibitor Packages
- 24-hour Help Desk & On-Site Support
- Events supported anywhere within the United States
- With one point of contact our technology managers will oversee your entire event

Millennium Technology Group is a one-stop shop for all of your meeting, convention and tradeshow technology needs, from IT staffing and technical support to custom on-site networking and configuring. We offer both wired and wireless Internet options, as well as a vast array of telecommunications equipment to support your meeting or event.

ROADSHOWS

Millennium Technology Group will work with your team to accommodate your IT needs for any program at any hotel or convention center throughout the United States. We offer a full inventory of equipment and various levels of IT staffing from network engineers to project managers to support your needs on the road.

Millennium Technology Group

TAILORED TECHNOLOGY

- Customized SSID / Network Name
- Private VLANs & Networks
- Guaranteed Bandwidth per SSID
- Customized Screens & Logos
- Customized Splash Screen
- Dedicated Hotel Video Channels
- Internet Redirect to a sponsor's website
- Unified networks to allow wireless users to print to wired printers

DIGITAL SIGNAGE

Keep in contact with your group and deliver important and up-to-the-minute information using digital signage. Digital signage gives you the capability to deliver various types of messages and content, including event updates, sponsored messages, videos and social media feeds to your attendees instantaneously.

DEDICATED BANDWIDTH

In today's world, bandwidth will make or break your show. With gig capability and complete redundancy, Millennium Technology Group has the ability to allocate any amount of bandwidth. This can be done to your own private network, ensuring that your network will not be shared with any other groups within the hotel or convention center.

CISCO INFRASTRUCTURE

We are proud to feature a full Cisco infrastructure with in-house supported switches, routers, digital phones, wireless controllers and wireless access points.

ON-SITE SUPPORT

Our Help Desk is always just a phone call away to assist you with any questions or concerns 24 hours a day, 7 days a week.

DIRECT FIBER CONNECTION

We offer a direct fiber connection from our hotels to the Orange County Convention Center, which allows for remote registration from our property to your event. This direct connection also allows you to broadcast videos, digital signage and sponsored Internet from any event at the Convention Center to our properties.

VIDEO WEBCASTING & CONFERENCING

With our video conferencing systems, connecting with participants not in attendance has never been easier. Now you can see and hear absentee group members and their presentations, or even share your own.

WE MAKE IT WORK.
